Trailer Storage

Come to the office for your new trailer storage spot assignment and tag for your trailer. Remember also that trailers are not permitted in the marina. Drop your trailers in the launch ramp area. Ask at the office if you have any questions.

Wifi

NCM_Members is the new WIFI service. Password is Welcome2018. We have added more equipment for better coverage, speed and volume to our service as well. Let us know how it is working for you. Please do not give out password to anyone who is not a member, extra people using our service hurts all of our ability to use this service. So far we have had 505 devices connected to the Marina side and 149 devices connected to the Campground side.

Suggestion/Maintenance Box

Ideas are always welcome so please put your ideas or maintenance needs in writing and deposit them in the box in the hallway. You can email needs to manager@northcoastmarina.com or any immediate needs you can call or text send a text to 1-440-998-6272.

NOTES

Please check the full version of the mandated rules from the health department posted on the office window

All canopies that have electric in them must have a G.F.C.I. installed before the first item is plugged in! Also, don't wire directly into the electric boxes, use a splitter from your boat cord.

Social distancing 6 feet rule

No guests are allowed.

(Guests are anyone not your dependent and not living with you.)

Limit of 4 people under a canopy

Thank you for your continued support in this trying time of the COVID-19 restrictions. We know that the no guest rules mandated from the Health department are hard to accept and you miss having your close friends and relatives enjoying time with you here.

Hope to see you all soon-

Stay well & safe
