

NORTHCOAST

NEWS & NOTES!

We hear the fish are close and biting!

Good News.

We have heard that the fishing is getting better and boats are starting to limit out.

Covid-19

It was reported that Ohio had the highest number of new cases so far this week. Please remember that the Social distancing rules apply on the water also.

Good News!

The playground area for the children is open. Social distancing rules apply.

Bad News-Speed

We have had several complaints and observations of persons driving cars, trucks, and golf carts in a fast and dangerous manner. Excessive speed can cause at the very least a dust storm, and easily cause injury to one of our loved ones. Please keep your speed down to the posted 5 mph and keep our loved ones safe.

Good News.

Our website member's page is up and running. The password is Welcome2018. Look at it and see what you think, we are open to suggestions as well as photos which can be submitted to manager@northcoastmarina.com. Inside the members area you have a variety of forms. Past newsletters, maybe a photos page, maybe a buy, sell trade page, perhaps a favorite recipe page and possibly a suggestion from you will be added.

Bad News

The water level is still up and in a walk around the marina this week a number of canopies do not have G.F.C.I.'s visible or connected. This is not acceptable. This needs corrected immediately. All canopies/dock boxes that have electric in them must have a G.F.C.I. installed before the first item is plugged in! Also, don't wire directly into the electric boxes, use a splitter from your boat cord.

Pool Reminder

Our pool is open. **The pool is open for children under 16 from 9am to 9pm only with parent supervision. NO persons under 16 are permitted in Hot tubs.** Our mandated restrictions are no more than 4 people in a hot tub at a time. No more than 12 people in the pool at a time. 16 persons or family units at tables or lounges at a time. Social distancing rules apply. See the chart in the Hallway and posted in the office window.

NCM_Members is the WIFI service. Password is Welcome2018. We have added more equipment for better coverage, speed and volume to our service as well. Let us know how it is working for you. Please do not give out the password to anyone who is not a member, extra people using our service hurts all of our ability to use this service.
