## **Happy Fall to all our Customers!** **Here is your Northcoast Marina News**

Hello! "Happy Fall" is a sad thing to say, but that means that spring will be here before we know it. Hopefully fall and winter will seem to pass as quickly as the spring and summer did this year. Thank you all for a great season! I can't believe that our final month of this 2020 season is upon us. The weather for September is all so typical for northeast Ohio 90 one day and 65 the next. Just as quick as the weather changed, the month is going by with it. I hear the fishing was exceptional and saw the proof with the overflowing freezers again this year.

The 2020 soup night has been cancelled due to COVID-19.

As we are finishing out this season we have a few reminders for you.

The pool and spas will soon be closed for the season but the rest of the marina is still here for your use. Enjoy a campfire, a cookout under the pavilion or watch a football game in the clubhouse or under the pavilion.

All items attached to the wall must be removed.

Campers must unplug all cords and hoses putting them away for the winter.

Our last day of the season is October 15<sup>th</sup>. All boats and dock items need to be removed by this date. Campers need to be winterized and ready for the winter.

Any suggestions for 2021 season are welcome and wanted. We would like to work on them this fall and next spring. Please email or fill out the form in the hall and let us know your ideas.

Marina and Campground trivia.....

Anyone notice how high the water was again this year?

The additional marina friends and family we have gained?

The new WIFI system had 720 devices connected to on the marina side and 370 on the campground side.

**Ramp users and golf carts take notice**

Concerns have been raised about ambulances and members in the area between the building and the parked vehicles at the ambulance company. As pullout time approaches we need to be sure to go behind the line of parked vehicles and the river to access the ramp. All members shouldn't be in the ambulance drive for safety reasons. The ambulances are leaving to go on an emergency calls. The driver's mind might not be focused on you in a golf cart or your vehicle, especially in the dark or low visibility times. You also should not be using the access road by the dumpster to enter or leave the campgrounds. It is your responsibility to be as cautious as possible.

**Dogs**

After several complaints and incidences, we are implementing a new policy concerning dogs in the marina and campgrounds. Absolutely no dogs are allowed off leashes. Absolutely no guest dogs are allowed on premises. Any dog caught off leash the second time will result in being banned from the premises. Any further incidents will result in fines or termination of contract. Watch for a registration of dogs in the near future.

As always no dogs are allowed in the pool area or buildings. All dog waste must be picked up and disposed of. All dogs must be controlled at all times and barking must be kept at a minimum.

Our list of fun marina family functions are still being planned for the 2021 season, and here are the ones that we have for now.
